Vintage Vibe is a supergroup performing forgotten and re-imagined hits. You won't hear them play the same old songs. They have curated a set list of both memorable sing-alongs and songs that will have you saying "They do an awesome version of..." and "OMG, I forgot about this song!"

These 4 veteran musicians, who have performed in bands such as 7th Heaven, Lounge Puppets, Hairhangers Ball, The Spazmatics, Vai-Able (Steve Vai tribute) and Perfecting Gravity, are capable of everything from delicate and dynamic moods to towering harmonies, thunderous drums and blistering solos.

Music isn't Vintage Vibe's only strength. They're also known for their humor and crowd interaction. Vintage Vibe's priority is "Safety first" but fun is second, third and fourth!
